AdventHealth University
Orlando Campus
Annual Security Report
October 1, 2018

INTRODUCTION

On August 14, 2018 Adventist University of Health Sciences’ parent organization, Adventist Health System announced it was changing its name to AdventHealth. Because of the tremendous value of name association, Adventist University of Health Sciences followed its parent organization in changing its name to AdventHealth University. With the name change underway, it was felt that using the new name within this document was appropriate, therefore it should be noted, as a point of clarification the term AdventHealth University seen within the document should be considered synonymous with Adventist University of Health sciences.

AdventHealth University (AHU) prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The annual security report is produced by the Senior Vice President for Student Services in conjunction with the Assistant Dean of Students, Director of Campus Security, Director of Student Housing, AHU Compliance Officer, AHU Health Committee, AHU Safety and Security Committee, Director of Florida Hospital Security, and local law enforcement. The annual security report is generated from data contained in the Campus and Housing Security logs, University incident reports, Hospital Security reports, and local law enforcement records which are submitted to the office of the Senior Vice President for Student Services. The annual security report is disclosed annually through four modes of communication: 1) The AHU secure student website, 2) The AHU public website, 3) The AHU secure e-mail system, 4) The University Emergency Notification System.

CAMPUS SECURITY ORGANIZATION

AdventHealth University currently operates a security department composed of seven full-time security officers and one part-time security officer to provide 24/7 campus security. In the event the University needs additional security personnel (large campus events such as graduation), the services of a licensed and bonded security company and/or off-duty police officers are utilized. In addition to its full-time security department, AdventHealth University provides annual security training and licensing to eleven full-time faculty and staff across campus who, in the event of a campus emergency incident, will act as emergency response personnel, as well as provide feedback relative to security needs and concerns within their given University departments.

The AdventHealth University main campus is comprised of one University Campus and Hospital, two off-site housing facilities, one off-site paved parking area, three off-site parking garages, and an off-site Community Occupational Therapy Clinic. AdventHealth University’s Security Department also partners with the Florida Hospital Security Department, when appropriate, and maintains daily communications with Florida Hospital Security dispatch.

The AHU Security Department reports to the Senior Vice President for Student Services. The University has grown in scope requiring an expanded committee structure. The University currently has three committees which deal with various aspects of campus safety and security. These committees are the Health Committee, Safety and Security Committee, and Emergency Response Committee, all of which
have representation by a member of the AHU Security Department. All three committees vote and make recommendations to President’s Council relative to policy and procedural changes. In addition to the above official AHU committees, the AHU Director of Security conducts monthly departmental meetings with the AHU Security team and shuttle drivers to address safety and security needs and concerns, as well as assess the on-going AHU security and shuttle safety performance.

Neither AHU nor Florida Hospital security officers possess the authority to arrest individuals, however, they do work closely with local law enforcement when a crime is committed on the property. Currently, there is no memorandum of agreement with the Orlando Police Department, however, the AHU Security Department continues to build and maintain strong relationships with city, county, and state law enforcement agencies. Prosecution of criminal offenses is conducted by the appropriate court systems.

The AHU security officers patrol the entire campus geography daily as defined by the Department of Education, with the exception of the Hospital, which is patrolled by the Florida Hospital Security Department. The University security officers continue to build relationships with the expanding Florida Hospital Security Department ensuring good communication and understanding of both entities. The geographical jurisdiction patrolled by AHU security officers and/or Hospital Security is as follows:

**Main Campus**

*University*

AdventHealth University’s main campus is located at 671 Winyah Drive, Orlando, FL 32803. The Clery geography is defined by the West entrance of campus, where King Street ends and Winyah Drive begins (approx. 200 yards past the train tracks after the sweeping left-hand turn). The remainder of the campus is on a peninsula surrounded (defined) by two lakes (Lake Winyah to the North, Lake Estelle to the South), and a canal at the east end of campus.

*Florida Hospital*

Florida Hospital Orlando is located at 601 East Rollins Street, Orlando, FL 32803. The Clery geography is defined by the South as the North sidewalk of Rollins Street from Clipinger Court to Camden Road, by the West as the East sidewalk of Clipinger Court from Rollins Street to Lake Estelle Drive, and by the North as Lake Estelle Drive. The East boundary of the hospital is defined by Lake Estelle.

*Off-campus Student Housing:*

LaSalle Apartments, located on 35 Rocclair Street, Orlando, FL 32804 is AdventHealth University’s housing complex for residents over the age of 21. The Clery geography is defined as the city block which includes the section of Formosa Ave (between Stymie Place and Rocclair Street), all of Stymie Place, the section of Dubsdread Circle (between Stymie Place and Backspin Lane) and Rocclair Street (Backspin Lane merges to become Rocclair Street).

Bay Run Apartments, located on 3310 North Cornell Avenue, Orlando, FL 32804 is AdventHealth University’s housing complex for residents age 18 to 21. The Clery geography is defined as the city block that includes the section of Formosa (East Steele Street and East Par Street), East Par Street (between Formosa and Cornell Avenue), all of Cornell and all of East Steele Street.
Non-campus Property:

AdventHealth University leases parking space from Calvary Assembly Church, where students park and are shuttled onto campus. The address of this parking area is 1900 Minnesota Avenue, Winter Park, FL 32789. The Clery geography is defined as the city block which includes the section of Minnesota Avenue and Crandon Avenue, between Clay Avenue and Formosa Avenue.

AdventHealth University is provided access to several parking facilities for its faculty, staff and students who are employees of, or perform clinical rotations at Florida Hospital, after the University’s published hours of operations. The address of the parking facilities are as follows:

- 2855 McRae Street, Orlando, FL 32804 – The Clery geography is defined as the entire garage area, the section of East Evans Street between North Orange Avenue and McRae Avenue and the section of McRae Avenue, directly in front of the garage.
- 498 East King Street, Orlando, FL 32804 – The Clery geography is defined as the entire garage area, the section of King Street between McRae Avenue and Sanitarium Avenue, and the length of Sanitarium Avenue facing the garage.
- 2328 Alden Road, Orlando, FL 32803 - The Clery geography is defined as the entire garage area, the section of East Rollins Street between Clipinger Court and Alden Road, and the section of Alden Road facing the garage.

Hope Community Clinic:

AdventHealth University leases property at 2902 North Orange Avenue, Orlando FL 32804 that is used as a community Occupational Therapy Clinic for the uninsured. This clinic is used as an educational tool for the graduate Occupational Therapy students at AdventHealth University.

CURRENT POLICIES AND PRACTICES

General Security Communication Procedures

Students are provided with direct telephone numbers for University campus security and Florida Hospital security to facilitate the reporting of campus security or safety issues. Students are instructed to report a crime, potential criminal activity, or a safety concern to campus security officers or other campus security authorities as follows:

*Campus Security Officer: 407-353-4002 (available 24 hrs.)
Senior Vice President for Student Services 407-303-8016 (available regular business hours)
Senior Vice President for Operations 407-303-9372 (available regular business hours)
University Chaplain 407-303-9474 (available regular business hours)
Compliance Officer 407-303-5765 (available regular business hours)
HR Director 407-303-5727 (available regular business hours)

Florida Hospital Non-Emergency: 407-303-4819 (available 24 hrs.)
*Florida Hospital Emergency: 407-303-1515 (available 24 hrs.)
To report campus safety concerns 407-303-8016 (available regular business hours)
407-353-4002 (available 24 hrs.)

*Numbers are printed on the back of required student ID cards (including a 911 reminder).
Following any safety or security incident, students, faculty, and/or staff involved are required to fill out an AHU Incident Report and submit it to the AHU Security Department or the Office of Student Services. Students may also report a crime to any faculty or staff member who will be able to assist in the reporting of the crime and submission of the incident report. Faculty and staff members are trained annually on the protocol for filing incident reports. For added security, University Housing is equipped with emergency blue light phones that are connected to local 911 services.

**Reporting of Crimes**

All students, faculty, staff and visitors are strongly encouraged to report all crimes (campus or public) to the AHU Security Department at 407-303-4002. The University Security Department will assist the student, faculty, staff, or visitor in filing an official incident report. These reports are tallied annually, and the required crimes are reported in the annual safety report.

**Confidential Crime Reporting**

The AHU Security Department encourages anyone who is a victim of, or witness to a crime, to report the crime to the appropriate law enforcement entity. Because police reports are public record, the decision to file a police report is a decision left to the victim(s) or witness(es). The University encourages the victim(s) or witness(es) to report all crimes to the AHU Security Department. Faculty, staff and students can remain anonymous and make a confidential report. The purpose of a confidential report is to comply with the faculty, staff and students’ wish, while also taking steps to ensure the future safety of the student and other campus community members. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there may be patterns of crime with regard to a particular location, method, or assailant, and alert the campus community to the potential danger. When applicable, these crimes are tallied and disclosed in the annual crime statistics for AdventHealth University.

**Emergency Notification Procedures**

In the event of a significant emergency or dangerous situation (on-or off-campus) involving an immediate threat to the health or safety of students or employees, a decision relative to an emergency notification will be made. This determination will be made without delay, with the highest priority being the safety of the campus community. The University’s administration will make decisions relative to the appropriate information to disseminate and will initiate the appropriate notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The decision to notify will be made by AHU Security personnel as well as the Senior Vice President for Student Services, and/or their designee. The office of the Senior Vice President for Student Services will initiate the emergency notification through Everbridge (the emergency notification system), the University website, and if warranted, the University public address system. The Everbridge Emergency Notification System disseminates information and alerts to students, faculty, and staff via text message, home phone, email, and/or office phone. Additionally, the system records confirmations of message delivery through a touch-tone, text-based, or e-mail response method.
Segmentation of Notifications:

In the event of a serious threat to a specific area of campus, the Emergency Notification System has been configured to communicate messages to the entire University community as well as communicate specific messages targeting various subgroups of the campus population. These subgroups are: Orlando campus employees, Orlando campus students, Denver campus employees, Denver campus students, Bay Run (student housing), LaSalle (student housing) and Shuttle Drivers. The decision of who to communicate with is determined by AHU Security personnel, the Senior Vice President for Student Services, and/or their designee.

Message Content:

The content of any outgoing emergency message is determined by AHU Security personnel and the Senior Vice President for Student Services, who may also seek advice of other members of senior administration before sending a message.

Message Initiation:

An emergency message can be initiated by any member of the University’s Security Department, the Senior Vice President for Student Services, the Assistant Dean of Students, the Senior Vice President for Operations, and the AHU-Denver Chief Operating Officer. These members are given annual training and possess the appropriate rights to the Everbridge Emergency Notification System.

Communication to the larger community:

All information concerning an emergency event will be released to the larger community from the Office of the President or his designee through scheduled general media statements, the official University website, and various University social media sites.

Evacuation Procedures

Upon the confirmation of a significant emergency or dangerous situation involving an immediate threat, all affected areas of campus will be evacuated or directed to designated safe areas. If evacuation is not possible or deemed unsafe, other safety plans will be implemented, such as campus lock down, predetermined department specific safety plans, and deployment of trained emergency response employees, as outlined in the AHU Safety and Security Manual.

Emergency Command Centers

In the event of significant emergency or danger, the following two campus locations have been designated and prepared to function as Emergency Command Centers (ECC): 1) The Office of Student Services Workroom, located on the bottom floor of the Campus Center Building 2) The Campus Lake House, which housed the AHU IT Department. The ECC will be staffed with University administrators, AHU Security personnel, and communication specialists. All outside contact and communication will be conducted through the ECC.
Confirmation of Significant Emergency or Immediate Threat

Confirmation of the event will be determined by AHU administration through the official communication channels currently established with the AHU Security Department. In the event of a community emergency, local law enforcement or news affiliates will be contacted, if deemed appropriate.

Timely Warnings

AdventHealth University will issue timely warnings when a crime(s) has been reported and, in the opinion of the AHU Security Department, Senior Vice President for Student Services, and/or the President, constitutes an ongoing or continuing threat to campus community members. The warnings will be issued through the University’s Everbridge Emergency Notification System. AdventHealth University will issue the appropriate updates as more information becomes available. Anyone with information about a threat warranting a timely warning is encouraged to report that information to the AHU Security Department.

Automated External Defibrillators (AED)

The AdventHealth University campus and housing facilities are outfitted with automated external defibrillators (AED) for use in case of emergencies. The AED’s are tested monthly by the AHU Security Department, and batteries are replaced per manufacturer recommendations every two years or earlier if needed.

Emergency Procedure Testing

During each academic year, the following emergency preparedness procedures are performed:

1) Testing of the Emergency Notification System (September, January)
2) Announced or Unannounced full-campus fire evacuation (annually)
3) Unannounced campus housing fire evacuation (September, January and May)
4) Review and assessment of the above activities by the AHU Safety and Security Committee (Annually)

Each test is documented with a description and the date and time that it was conducted. In addition, the University’s emergency response and evacuation procedures are publicized to students and employees in conjunction with at least one test per calendar year.

ACCESS

General Campus

During regular business hours, all campus buildings are accessible to students, faculty, staff, and visitors. The University requires all student, faculty, staff, and visitors to display permanent or visitor identification at all times. The University has acquired a hardware and software badge system that provides each visitor an adhesive badge which displays their photo and reason for the visit on time-sensitive paper. Visitor badges are issued at two campus locations: 1) The lobby of the Campus Center Building and 2) The lobby of the Graduate Building. The badge software also allows the University to keep an accurate account of visitors and invitees currently at the institution. All current students and full-time faculty and staff are required to possess and display their permanent AHU-issued identification badges. Students, faculty, and staff that fail to provide identification badges are denied access to the University campus until
identification is presented or a replacement identification badge is obtained. After business hours, campus buildings are accessible to authorized individuals by key, slide card or AHU Security personnel. Graduate students are allowed after-hour access to specific lab and study areas as outlined in the various Graduate program handbooks. AHU Security personnel and access to on-campus parking areas is provided during these after-hour visitations.

**Student Housing**

Student housing is accessible by individual apartment keys at the Bay Run and LaSalle housing facilities. Bay Run has additional gate security activated in the evenings from 10:00 p.m. to 6:00 a.m., during which time residents are required to enter a code at the gated entrance.

Housing students are provided with a comprehensive housing handbook, which includes safety and security procedures unique to University housing. The handbook is reviewed at a required housing orientation at the beginning of the Fall, Spring and Summer trimesters.

Outside visitation (visitors), as well as opposite gender resident visitation, is monitored closely at student housing by the Director of Student Housing, housing staff, and AHU Security. Accurate visitor records are kept on file in the Director of Student Housing’s office. All housing residents’ vehicles must be registered and display a University Housing parking decal. Any vehicle not displaying a parking decal or official visitors pass is immediately removed from the premises.

Annual training is provided for all AHU Resident Assistants, this training required and is provided during the week prior to the Fall trimester (See Appendix A).

**Special Events**

Occasionally, special events (public and private) are held on the University campus during or after regular business hours. All special events on campus require special permission from the President’s Council and are required to have University (or University approved) security present for the duration of the event.

**Maintenance/Safety**

Campus and housing maintenance and/or safety issues noticed by security personnel are logged in the Security Log Book and reported to the appropriate administrator:

- Campus – Senior Vice President for Finance/Operations
- Student Housing – Director of Student Housing

Campus maintenance or safety issues noticed or observed by faculty, staff, or students are submitted via the University Intranet to the Senior VP for Finance/Operations Office. Student Housing maintenance or safety requests submitted by staff or students are submitted via the University Intranet or by provided paper forms (located in the student housing office) to the Director of Student Housing.

The housing facilities are equipped with individual smoke alarms, which are checked monthly and batteries replaced every four months. There is a no smoking and no open flame policy strictly enforced at the University housing. Evacuation procedures have been established including marked “evacuation” meeting places, resident assistant attendance, and security officer assistance relative to evacuation, communication, and support until the arrival of the fire department. As previously mentioned,
AdventHealth University housing facilities are outfitted with automated external defibrillators (AED) for use in case of emergencies. The AED’s are tested monthly by the University security and batteries are replaced (per manufacturer recommendations) every two years.

**Calvary Parking Area**

The student, faculty, and staff parking lot, located a mile and a half from campus, has a licensed security officer present beginning at 5:30 a.m. and ending at 10:00 p.m. Monday-Thursday and 5:30 a.m. to 6:00 p.m. Friday. Shuttles carry commuter students, faculty and staff to and from the parking area during these hours. AHU Security personnel are also present and actively patrolling the area during the above hours of operation. No vehicles or shuttle service is present outside of the hours listed above. Additionally, students, faculty, and staff that park in the lot are provided with battery, flat tire, and locked key service. There is radio communication between AHU Security personnel located at the parking area, shuttle drivers, the campus-based security officer and Florida Hospital security dispatch during normal business hours.

**Counselors**

The University provides counseling, both with pastoral and licensed mental health counselors. The counselors abide by the confidentiality laws dictated by their professional organizations. When deemed appropriate by the counselors, a client will be encouraged to provide information regarding criminal activity to the University. This information can be provided anonymously, for the purpose of tracking the crime for reporting purposes and to ensure that AdventHealth University can take steps to protect other campus community members.

**EDUCATIONAL PROGRAMS ON SECURITY AWARENESS AND CRIME PREVENTION**

Security awareness and crime prevention topics are presented at the various departmental student orientations that take place at the beginning of each trimester. AHU Security personnel also make presentations relative to security awareness and crime prevention in person at the student housing orientation at the beginning of each trimester. In addition to addressing safety and security in various venues throughout the school year, the AHU Security Department provides an annual week of general and campus safety emphasis in October. This week of emphasis provides opportunities for students, faculty, and staff to engage in various safety presentations and activities. The presentations and activities focus on specific campus safety procedures and practices (campus fire, campus lockdown, inclement weather, etc.) while also focusing on how these specific procedures and practices can be applied to the students’ personal safety. Additional general and campus specific safety and security resources are available throughout the week and the remainder of the school year both in print and electronic form.

For students, faculty, and staff who wish to have further training, the University offers a free course (twice annually) focused on personal safety and self-defense provided by a CPI certified security officer. Additionally, the AHU Security Department runs its annual “Know Your Neighbor” campaign aimed at promoting campus awareness to recognize and report unidentifiable persons on campus. This campaign and most security awareness campaigns have been focused on making students, faculty, and staff aware of their responsibility to ensure security for themselves and others. In addition, the AHU Security Department, in conjunction with faculty, staff, students and the Orlando Police Department (OPD), plan and present a day-long program at an area church, which focuses on church and community safety three times per year. This program includes a guest speaker for the worship service and entire afternoon of presentations from the Orlando Police Department concerning what the church can do to stay safe as well as community safety ideas for church members.
Behavioral Intervention Team (BIT)

In 2013, AdventHealth University formed a behavioral intervention team, which operates as an additional line of defense in identifying potential behavioral issues on campus. The University is a member of the National Behavioral Intervention Team Association (NABITA). Annual Training is provided for faculty and staff regarding the identification and reporting of student and employee behaviors that may be precursors to more serious misbehaviors or illnesses.

PREVENTING AND RESPONDING TO VARIOUS SEX-RELATED OFFENSES

Consistent with the requirements of Title IX of the Education Amendments of 1972 and the Clery Act as amended by reauthorization of the Violence Against Women Act, AdventHealth University prohibits discrimination based on sex in its educational programs and activities, including sexual harassment. This includes a prohibition against acts of domestic violence, dating violence, sexual violence/assault, and stalking. A full statement of the University’s Title IX policy and the procedures related to it may be found at: https://www.adu.edu/campus/policies-and-campus-safety/title-ix

In addition, the University prohibits any retaliation, intimidation, threats, coercion or any other form of discrimination against any persons exercising their rights or responsibilities under the Clery Act or the policies and procedures set forth herein.

The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, a report of the results of disciplinary proceedings conducted by the University against the alleged perpetrator. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Educational Programs

The University provides various programs to educate students and employees about the awareness of such offenses and steps that can be taken to prevent them.

The University’s Primary Prevention and Awareness Program focuses on all incoming students and new employees. This program includes a face-to-face component as well as an online component. Initially, all new applicants to AHU are required to successfully complete an online training module dealing with the prevention of dating violence, domestic violence, sexual assault and stalking, the procedures one should take if he or she becomes a victim of such an offense, and the procedures the University will take once such an offense has been reported. The new student is also required to attend a face-to-face student orientation where again these topics will be presented. The online training and new student orientations are offered for all three trimesters (Fall, Spring, Summer).

The Primary Prevention and Awareness Program also includes instruction on safe and positive options for bystanders when there is a risk of domestic violence, dating violence, sexual assault or stalking against another. It also includes information on risk reduction, such as warning signs of abusive behavior and how to avoid potential attacks.

In addition, the University has an Ongoing Prevention and Awareness Campaign for students, faculty, and staff. This campaign serves as a refresher for the topics addressed in the Primary Prevention and Awareness Program. It is conducted by means of separate student and employee online trainings. As of Spring 2016, students are required to complete this course prior to registering for courses. Faculty and Staff are required to complete their training as terms of employment. In addition to the online training,
there is one faculty/staff meeting that is dedicated to this topic annually which serves to re-emphasize the AHU policies and procedures relative to dating violence, domestic violence, stalking and sexual assault.

In the Fall, there is a week-long emphasis on domestic violence, dating violence, stalking, and sexual assault, with lunch meetings for those faculty, staff, and students interested in learning more about these topics. Every course syllabus is required to have an identical section that informs and reminds students of their rights and procedures in reporting any incident of dating violence, domestic violence, stalking or sexual assault. For purposes of this training, the University uses definitions of these crimes as contained in Florida law:

**Dating Violence** is defined under the Florida Statutes § 784.046(1)(d) as violence between individuals who have or have had a continuing and significant relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on the consideration of the following factors: (1) a dating relationship must have existed within the past 6 months; (2) the nature of the relationship must have been characterized by the expectation of affection or sexual involvement between the parties; and (3) the frequency and type of interaction between the persons involved in the relationship must have included that the persons have been involved over time and on a continuous basis during the course of relationship. Dating Violence does not include violence in a casual acquaintance or violence between individuals who only have engaged in ordinary fraternization in a business or social context.

**Domestic Violence** is defined under the Florida Statutes § 741.28 as any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member. A “family or household member” refers to spouses, former spouses, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common, regardless of whether they have been married. With the exception of persons who have a child in common, the family or household members must be currently residing or have in the past resided together in the same single dwelling unit.

**Sexual Battery** is defined under Florida Statutes § 794.011 as oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, sexual battery does not include an act done for a bona fide medical purpose. Sexual battery committed without consent is a felony.

**Consent** is defined under the Florida Statutes § 794.011 as intelligent, knowing, and voluntary consent and does not include coerced submission. “Consent” shall not be deemed or construed to mean the failure by the alleged victim to offer physical resistance to the offender.

**Stalking** is defined under the Florida Statutes § 784.048. The offense of Stalking is when a person willfully, maliciously, and repeatedly follows, harasses, or cyber stalks another person. Under this definition of Stalking, “harass” means to engage in a course of conduct directed at a specific person which causes substantial emotional distress to that person and serves no legitimate purpose; “course of conduct” means a pattern of conduct composed of a series of acts over a period of time, however short, which evidences a continuity of purpose, but it does not include constitutionally protected activity such as picketing or other organized protests; “cyberstalk” means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through...
the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

**Restraining Orders**

Any student or employee who has a restraining order, order of protection, no contact order, any order issued by a court, or the University against another individual is strongly encouraged to notify a campus Security Officer. The student or employee is encouraged to provide a copy of the restraining order to be kept on file with the AHU Security Department and enforced, if necessary. Additional useful information (i.e. photo, vehicle information) is also welcome, as it provides AHU Security personnel greater opportunity to prevent unwanted encounters.

**Procedures for Victims of a Sex Offense**

If any faculty, staff, or student is the victim of sexual assault, dating violence, domestic violence or stalking, they are encouraged to go to a safe place and call 911 or AHU Security at 407-353-4002. They should also contact the University’s Title IX Coordinator, Starr Bender, at 407-303-5765 or starr.bender@adu.edu. The University will do its best to protect the confidentiality of victims. This includes maintaining any publicly available recordkeeping without the inclusion of identifying information about the victim to the extent permitted by law.

Upon receiving a report of an offense, victims will be notified in writing of the procedures to follow. This notification will include:

- The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or that may be helpful in obtaining a protection order. This includes:
  - Not removing clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence.
  - Not bathing or washing or otherwise cleaning the environment in which the assault occurred.
  - Preserving any electronic communications, especially in an instance of stalking.

Options for pressing charges can be deferred if the victim goes to the local hospital emergency room and asks for an exam and for evidence of the sexual assault to be collected and sealed.

- To whom and how the alleged offense should be reported;

- The following options regarding notification to law enforcement:
  - Option to notify either campus security or local law enforcement;
  - Option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses; or
  - Option to decline to notify such authorities.

- Where applicable, the rights of victims and the University’s responsibilities regarding orders or protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil or tribal court.
Available Victim Services

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration, and other services available to them, both within the University and in the surrounding community.

On-campus services include pastoral and mental health counseling. Off-campus services include additional counseling services on a sliding payment scale at the following locations: 1) The Episcopal Counseling Center, 2) Devereux, 3) Center for Drug Free Living, 4) Courtney Stewart Counseling, and 5) Dr. Yvonne Seballo Counseling. Health Assistance can be found at Central Florida Family Health and Shepherd’s Hope.

Residential/Non-residential Mental Health can be found at Lakeside Behavioral Health and South Seminole Hospital.

Legal assistance is available at the Legal Aid Society.

The University will provide written notification to victims about options for and available assistance in, changing academic, living, transportation, and working situations. If victims request these accommodations and they are reasonably available they will be provided, regardless of whether the victim chooses to report the crime to campus security or local law enforcement. The University will keep information about these accommodations and any similar protective measures confidential to the extent that maintaining confidentiality would not impair the institution’s ability to provide them.

Procedures for Disciplinary Action

I. ALLEGATIONS OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT OR STALKING WILL BE PROCESSED IN ACCORDANCE WITH THE FOLLOWING INVESTIGATION AND RESOLUTION POLICY

A. Commencement of the Investigation

Once a complaint is made, the Investigating Officer will commence an investigation of it as soon as practicable, but not later than seven (7) days after the complaint is made. The purpose of the investigation is to determine whether it is more likely than not that an offense of dating violence, domestic violence, stalking or sexual assault occurred. During the course of the investigation, the Investigating Officer may receive counsel from University administrators, the University’s attorneys, or other parties as needed.

In certain narrow circumstances, the Investigating Officer may commence an investigation even if the complainant requests that the matter not be pursued. In such a circumstance, the Investigating Officer will take all reasonable steps to investigate and respond to the matter in a manner that is informed by the complainant’s articulated concerns.

B. Content of the Investigation

During the investigation, the complainant will have the opportunity to describe his or her allegations and present supporting witnesses or other evidence. The respondent will have the
opportunity to respond to the allegations and present supporting witnesses or other evidence. The Investigating Officer will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. All parties and witnesses involved in the investigation are expected to cooperate and provide complete and truthful information.

C. Support Person

During the investigation process, both a complainant and a respondent may ask a support person to accompany him or her at all stages of the process. In cases involving multiple complainants or respondents, the support person cannot be another complainant or respondent. The support person does not serve as an advocate on behalf of the complainant or respondent, may not be actively involved in any proceedings, and he or she must agree to maintain the confidentiality of the process.

D. Interim Measures

At any time during the investigation, the Investigating Officer may determine that interim remedies or protections for the parties involved or witnesses are appropriate. These interim remedies may include separating the parties, placing limitations on contact between the parties, suspension, or making alternative class-placement or workplace arrangements. Failure to comply with the terms of these interim remedies or protections may constitute a separate violation of this policy.

E. Pending Criminal Investigation

Instances of dating violence, domestic violence, stalking or sexual assault may also constitute criminal conduct. In such instances, the complainant is also encouraged to file a report with the appropriate law enforcement authorities and, if requested, the University will assist the complainant in doing so. The pendency of a criminal investigation, however, does not relieve the University of its responsibilities under this policy or its Title IX policy. Therefore, to the extent doing so does not interfere with any criminal investigation, the University will proceed with its own investigation and resolution of the complaint.

F. Resolution

At the conclusion of the investigation, the Investigating Officer will prepare a written report. The written report will explain the scope of the investigation, identify findings of fact, and state whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence.

If the written report determines that the alleged offense occurred, the Investigating Officer shall set forth in an addendum to the written report those steps necessary to remedy the effects of the offense and to protect the safety and well-being of the complainant and other members of the University community. Such actions will also include reasonable steps to correct the effects of such conduct on the complainant and others and to prevent the recurrence of such offenses and any retaliation against those exercising their rights or responsibilities under the Clery Act. Examples of such action include: no-contact orders, classroom reassignment, the provision of counseling or
other support services, training, and discipline for the perpetrator, including up to termination, expulsion, or other appropriate institutional sanctions.

The complainant and the respondent will receive a copy of the written report and any addendum within three (3) days of its completion. If necessary, the version of the addendum provided to the complainant and/or respondent will be redacted to ensure that information concerning any remedial and/or disciplinary measures is disclosed in a manner consistent with Title IX, the Family Educational Rights and Privacy Act (FERPA), and the Clery Act, as explained by the April 4, 2011 Dear Colleague Letter issued by the U.S. Department of Education, available at: http://www2.ed.gov/about/offices/list/ocr/letters/colleague-201104.pdf.

The written report of the Investigating Officer shall be final subject only to the right of appeal set forth in Section III below.

G. Special Procedure Concerning Complaints Against the President, the Title IX Coordinator, Deputy Title IX Coordinator, or any University Official Outranking the Title IX Coordinator or Deputy Title IX Coordinator

If a complaint involves alleged conduct on the part of the University President, the University Board of Trustees will designate the Investigating Officer. Based on the information gathered by the investigation, the University Board of Trustees will prepare and issue the written report determining the complaint. The determination of the University Board of Trustees is final and not subject to appeal.

If a complaint involves alleged conduct on the part of the Title IX Coordinator, Deputy Title IX Coordinator, or a University official who outranks the Title IX Coordinator or Deputy Title IX Coordinator, the University President will designate the Investigating Officer. Based on the information gathered by the investigation, the University President will prepare and issue the written report determining the complaint. The determination of the University President is final and not subject to appeal.

H. Informal Resolution

Informal means of resolution, such as mediation, may be used in lieu of the formal investigation and determination procedure. However, informal means may only be used with the complainant’s voluntary cooperation and the involvement of the Title IX Coordinator or Deputy Title IX Coordinator. The complainant, however, will not be required to work out the problem directly with the respondent. Moreover, the complainant may terminate any such informal means at any time. In any event, informal means, even on a voluntary basis, will not be used to resolve complaints alleging any form of Sexual Violence/Assault.

I. Timing of the Investigation

The University will endeavor to conclude its investigation and resolution of the complaint within sixty (60) calendar days of receiving it. Any extension of time frames specified herein will only be for good cause and the complainant and the respondent will be given written notice of the delay and the reason for it. If either the complainant or respondent needs additional time to prepare or to gather their witnesses or information, they shall notify the Investigating Officer in writing.
explaining how much additional time is needed and why it is needed. The Investigating Officer shall respond to any such request within three (3) days.

II. **RIGHTS OF THE PARTIES**

During the investigation and resolution of a complaint, the complainant and respondent shall have equal rights. They include:

- Equal opportunity to identify and have considered witnesses and other relevant evidence
- Similar and timely access to all information considered by the Investigating Officer
- Equal opportunity to review any statements or evidence provided by the other party
- Equal access to review and comment upon any information independently developed by the Investigating Officer

III. **APPEALS**

A. **Grounds of Appeal**

The complainant or respondent may appeal the determination of a complaint only on the following grounds:

- The decision was contrary to the substantial weight of the evidence
- There is a substantial likelihood that newly discovered information, not available at the time evidence was presented to the Investigating Officer, would result in a different decision
- Bias or prejudice on the part of the Investigating Officer, or
- The punishment or the corrective action imposed is disproportionate to the offense

B. **Method of Appeal**

Appeals must be filed with the President within ten (10) days of receipt of the written report determining the outcome of the complaint. The appeal must be in writing and contain the following:

- Name of the complainant
- Name of the respondent
- A statement of the determination of the complaint, including corrective action if any
- A detailed statement of the basis for the appeal including the specific facts, circumstances, and argument in support of it, and
- Requested action, if any.

The appellant may request a meeting with the President, but the decision to grant a meeting is within the President’s discretion. However, if a meeting is granted, then the other party will be granted a similar opportunity.
IV. **RESOLUTION OF THE APPEAL**

The President will resolve the appeal within fifteen (15) days of receiving it and may take any and all actions that he/she determines to be in the interest of a fair and just decision. The decision of the President is final. The President shall issue a short and plain, written statement of the resolution of the appeal, including any changes made to the Investigating Officer’s previous written determination. The written statement shall be provided simultaneously to the complainant, respondent, and the Title IX Coordinator and/or Deputy Title IX Coordinator within three (3) days of the resolution.

V. **DOCUMENTATION**

Throughout all stages of the investigation, resolution, and appeal, the Investigating Officer, the Title IX Coordinator and/or Deputy Title IX Coordinator, and the President, as the case may be, are responsible for maintaining documentation of the investigation and appeal, including documentation of all proceedings conducted under these complaint resolution procedures, which may include written findings of fact, transcripts, and audio recordings.

VI. **INTERSECTION WITH OTHER PROCEDURES**

These complaint resolution procedures are the exclusive means of resolving complaints alleging violations of the University’s policy prohibiting dating violence, domestic violence, stalking and sexual assault. To the extent there are any inconsistencies between these complaint resolution procedures and other University grievance, complaint, or discipline procedures, these complaint resolution procedures will control the resolution of complaints alleging these violations.

Both the victim and the individual accused of the offense are entitled to:

- A prompt, fair and impartial investigation and resolution.
- A hearing conducted by officials who have no conflict of interest or bias for or against the complainant or the respondent and who, at a minimum, receive annual training on the issues related to domestic violence, dating violence, sexual assault and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
- The same opportunities to have others present during any disciplinary hearing, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The University may not limit the choice of advisor but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
- Have the outcome determined by a preponderance-of-the-evidence standard based on the totality of the evidence presented.
- Simultaneous, written notification of the outcome of the proceeding, any procedures for either party to appeal the result, any change to the result and when the result becomes final.

**Possible Sanctions or Protective Orders for Domestic Violence, Dating Violence, Sexual Assault or Stalking Offenses**

Following a final determination in the University’s disciplinary proceeding that one of the above offenses has been committed, the University may impose a penalty based on the mitigating and aggravating circumstances involved. The possible sanctions include:
1. **Restitution**
   Students are required to compensate the University or other persons for damages, injuries, or losses. Failure to comply could result in suspension or dismissal.

2. **Probation**
   There may be specific restrictions or additional requirements placed on the student for a specified period. These may vary with each case and may include action not academically restrictive in nature, such as restriction from participation in University activities or other requirements. Disciplinary action should be consistent with the philosophy of providing constructive learning experiences as a part of the probation. A student may be required to meet periodically with designated persons. Any further misconduct on the student’s part during the period of probation may result in disciplinary suspension or dismissal.

3. **University Suspension**
   Suspension prohibits the student from attending the University. It prohibits the student from being present on specified University owned, leased, or controlled property without permission for a specified period of time. Students placed on University disciplinary suspension must comply with all suspension requirements. A student seeking to attend the University after the conclusion of his or her suspension may apply for readmission to the University.

4. **University Dismissal**
   Dismissal permanently prohibits the student from attending classes at the University and permanently prohibits the student from re-enrolling at the University. Dismissal also prohibits the student from being present on specified University owned, leased, or controlled property without permission.

5. **Loss of Employment**
   Termination of an employee prohibits the faculty or staff member from being employed by AdventHealth University. In addition, it also prohibits the terminated employee from being present on a University owned, leased, or controlled property without permission.

In addition, the University may impose a protective order in behalf of the victim following a determination that an offense of domestic violence, dating violence, sexual assault or stalking has occurred. These orders may include:

1. **Communication Order**
   Prohibition of various kinds of communication and/or contact with the victim.

2. **Housing Restriction Order**
   A prohibition from University housing should the proximity be such that contact with the victim is likely.

3. **Course Restriction/Restructure Order**
   A prohibition from attending certain classes and clinicals with the victim should the proximity be such that contact with the victim is likely. (All efforts will be made to place the accused into another course section).

4. **Proximity Restriction Order**
   A restriction that would impose a pre-determined amount of space to be kept between the victim and the accused.
5. **Campus Restriction Order**
   A prohibition that would allow for only one party to be on the campus at a given time.

**Written Notification of Rights**

When a student or employee reports to the University that he or she has been a victim of domestic violence, dating violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

**OFF-CAMPUS SCHOOL-SPONSORED EVENTS**

All official off-campus school-sponsored events are accompanied by an official employee(s) of AdventHealth University. Any crimes committed by or against students, staff, or faculty at said events, are reported via a Campus Incident Report.

**OFF-CAMPUS CRIMINAL ACTIVITY**

Off-campus criminal activity of AHU students is monitored and recorded by the appropriate local, state, or federal authorities. Certain criminal activity, however, can result in disciplinary action by the institution or render a student ineligible for certain courses of study (i.e. Nursing, Allied Health) due to regulations set forth by the licensing agencies.

There are no officially recognized student organizations with off-campus locations.

**REGISTERED SEX OFFENDER INFORMATION**

The Florida Department of Corrections maintains a list of sexual offenders and predators in the state of Florida. The information may be obtained by visiting the following web site: https://offender.fdle.state.fl.us/offender/sops/search.jsf

The Department of Justice maintains a website that provides national access to sexual offenders and predators. The website address is as follows: www.nsopw.gov.

**CRIMES**

The types of crimes reported in this Annual Security Report are defined as follows: those in italics are defined in accordance with the definitions provided by the Federal Bureau of Investigations’ (FBI) Uniform Crime Reporting Handbook.

- **Murder and Non-Negligent Manslaughter** is defined as the willful (non-negligent) killing of one human being by another.

- **Negligent Manslaughter** is defined as the killing of another person through gross negligence. *(Gross negligence is the intentional failure to perform a manifest duty in reckless disregard of the consequences as affecting the life or property of another.)*
Forcible Rape is the carnal knowledge of a person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes the forcible rape of both males and females.

Forcible Sodomy is oral or anal sexual intercourse with another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault with an Object is the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity. An object or instrument is anything used by the offender other than the offender’s genitalia. Examples are a finger, bottle, handgun, stick, etc.

Forcible Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will; or, not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Incest is non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary is the unlawful entry of a structure to commit a felony or a theft. (Structure, which is defined as having four walls, a roof, and a door)

Motor Vehicle Theft is the theft or attempted theft of a motor vehicle.

Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Dating Violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship would be determined based on the length of the relationship the type of relationship, and the frequency of interaction between the persons involved in the relationship.
Domestic Violence is a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Sexual Assault is an offense that meets the definition of rape, fondling, incest or statutory rape.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others, or suffer substantial emotional distress. "Course of conduct" means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. "Substantial emotional distress" means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. "Reasonable person" means a reasonable person under similar circumstances and with similar identities to the victim.

Hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin. Any of the above crimes are also reported as a hate crime if motivated by one of these biases.

The following four offenses are only reported if they are found to have the elements of a hate crime.

1) **Larceny-Theft** is the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Larceny and theft mean the same thing in the UCR.) **Constructive possession** is the condition in which a person does not have physical custody or possession but is in a position to exercise dominion or control over a thing.

2) **Simple Assault** is an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

3) **Intimidation** is to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

4) **Destruction/Damage/Vandalism of Property** is to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.
Alcohol, Drug and Weapons Violations

These offenses are categorized by those involving arrests and those referred for disciplinary action. The definitions that follow apply to the collection of statistics for these offenses.

**Arrest** (for Clery Act purposes) is defined as persons processed by arrest, citation or summons.

**Referred for disciplinary action** is defined as the referral of any person to any official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction.

**Weapons: Carrying, Possessing, Etc.,** is defined as the violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

**Drug Abuse Violations** are defined as: the violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use; the unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance; and arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

**Liquor Law Violations** are defined as the violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

### Hate Crimes:
There were no hate crimes reported for the years 2015, 2016, or 2017.

### Unfounded Crimes:
There were no unfounded crimes reported for the years 2015, 2016, and 2017.

## DRUG POLICY

AdventHealth University is committed to providing a drug-free learning environment. The manufacture, distribution, possession, sale or use of illegal drugs and drug paraphernalia is strictly prohibited. In addition, the intentional misuse of prescription drugs is considered an infraction of this drug and alcohol policy. By enrolling at AHU, all students agree to submit to random drug testing. In addition, AdventHealth University students and their possessions are subject to search and surveillance at all times while on University property.

All students enrolled at AHU are expected to remain drug free. If at any time a member of the faculty, staff, or administration has reasonable suspicion or evidence of drug use by a student, he or she may request that a drug and alcohol screening be performed on the student. All random drug tests requested by the University will be performed at a Florida Hospital CentraCare at a location and time determined by AdventHealth University. Refusal to submit to a drug and/or alcohol test is presumed to be a positive result, and the refusal will be handled in the same manner as any other positive test results.

In addition to the AHU drug and alcohol policy, students enrolled in clinical professional programs are also held to the drug and alcohol standards of their appropriate professional organizations and the
healthcare facilities in which they perform clinical services. It is customary for clinical sites to request a
drug test prior to a student’s beginning his or her clinical rotation, and students must adhere to such
requests. If at any time during a student’s clinical experience a clinical faculty or supervising facility has
reasonable suspicion or evidence of illegal or inappropriate drug use, the student will be subject to the
disciplinary actions outlined by the respective clinical facility, as well as disciplinary actions by
AdventHealth University.

Policy Statements on Alcohol, Legally Obtained Substances, Illicit Drugs, and Tobacco Alcohol-Free
Campus

Illicit Drugs Defined:

*Illegal drugs include such substances as opium derivatives, hallucinogens (e.g., marijuana, mescaline,
peyote, LSD, psilocybin), cocaine, amphetamines, ecstasy, ketamine, codeine, heroin, morphine, and
other drugs prohibited by law. This definition does not include lawfully prescribed drugs that are being
taken under a physician’s care.*

Legally Obtained Substances

The use or misuse of any legally obtained substance to render oneself intoxicated or in a state of euphoria
is strictly prohibited. Students found under the influence, using, manufacturing, selling or distributing
said substances for this purpose will face disciplinary actions up to and including permanent dismissal.

*Legally obtained substances are defined as natural or manufactured substances that can be obtained
legally and without a prescription and when misused will render the users intoxicated. Examples are: over-
the-counter medicines, bath salts, synthetic drugs, aerosols, cocktails of natural plants.*

AdventHealth University will report to local, state, and federal authorities, any drug or alcohol incidents
that are in violation of state and federal laws as outlined in the *Student Handbook*. 

Alcohol-Free Campus

AdventHealth University is committed to providing a learning environment that is focused on student
success and safety. AdventHealth University believes that the use of alcohol is counterproductive to a
successful and safe environment. Therefore, the possession, use, or being under the influence of alcoholic
products on any AdventHealth University property or during any University event is strictly prohibited.
Failure to abide by the stated policy will result in disciplinary actions.

Underage Alcohol Policy (Sale, Possession and Use)

Students found to be providing any underage person (student) alcoholic beverages will be subject to
University disciplinary action and to the Florida civil penalties outlined below. Any underage person
(student) who is in possession and or engages in misrepresentation of age to obtain alcohol will be subject
to University disciplinary action.

AHU provides drug and alcohol abuse education programs that include information on the penalties that
can be imposed under state and federal law for violating their drug and alcohol laws and information on
the effects of drug and alcohol abuse on the body. They include:
1) Physical, printed information can be obtained at Student Services and the Center for Academic Achievement.

2) Counseling services for substance abuse issues. Information on counseling services can be found via the student portal on the AHU website at: https://my.adu.edu/university-services/academic-achievement/counseling

3) Referral services for students needing additional assistance. Information on referral services can be found at the Center for Academic Achievement or by contacting the Counseling Center.

4) Online screening resources. Information for anonymous online screenings for students can be found via the student portal on the AHU website at: https://my.adu.edu/university-services/academic-achievement/counseling.

A full statement of the University’s drug and alcohol policy as required by Section 120(a) through (d) of the Higher Education Act can be found at: https://www.adu.edu/campus/policies-and-campus-safety/alcohol-and-drug-policy.

Tobacco-Free Campus

AdventHealth University is committed to the principles of health and healing. Tobacco-related illnesses are a major cause of preventable disease and death. Because of this, AdventHealth University of Health Sciences is a tobacco-free environment. The use of tobacco in any form on the University campus or during any school-sponsored activity or event is prohibited. This includes the use of electronic cigarettes.

MISSING STUDENT NOTIFICATION

Students residing in campus housing are provided the opportunity to register a confidential contact person with the Director of Student Housing. The University will notify this confidential contact person within 24 hours of a determination that the student is missing. The information pertaining to this confidential contact will be accessible only to authorized campus officials and may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. If the student is under 18 years of age and is not emancipated, the University will notify the student’s custodial parent or guardian and any other designated contact person within 24 hours of the determination that the student is missing. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, the University will inform local law enforcement personnel with jurisdiction over the area within 24 hours of the determination that the student is missing.

A missing student report will be completed and submitted to the office of the Senior Vice President for Student Services who, in turn, will notify the remainder of the President’s Council (President, Provost, Vice President of Academic Affairs, Chief Operating Officer for Online Education, Vice President for Academic Administration for Educational Technology, Chief Compliance Officer, Senior Vice President for Finance, and Vice President for Marketing and Public Relations and Director of Human Resources).

Any missing person should be reported immediately to the Director of Student Housing. Upon confirmation, the following actions will be taken:

1. Inform the Senior Vice President for Student Services
2. Report incident to local authorities (provide any information requested)
3. Inform AHU Security
4. Contact parents and/or confidential contact person.
